192,000 LUMENS from a single LED fixture!

This amazing Stadium Light is really remarkable! It starts with a Die-Cast Aluminum body, utilizes the latest LUXEON 5050 LED diodes (750 lm. LED) and powers the fixture with a Meanwell LED driver. This model rotates + & - 90 degrees horizontally and 180 degrees vertically. The selection of wattages includes the following:

- ♦ 300 watt = 48,000 lumens
- ♦ 400 watt = 64,000 lumens
- ♦ 500 watt = 80,000 lumens
- ♦ 600 watt = 96,000 lumens
- ♦ 700 watt = 112,000 lumens
- ♦ 800 watt = 128,000 lumens
- ♦ 1000 watt = 160,000 lumens
- ♦ 1200 watt = 192,000 lumens

Aiming Position Light

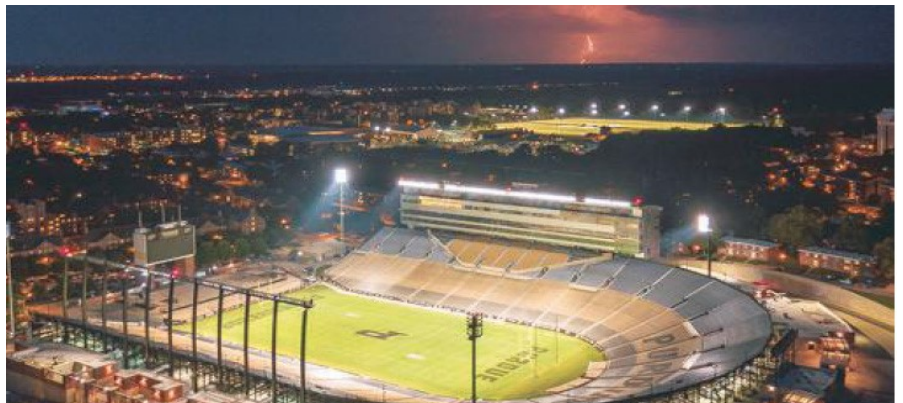

CIP-FL-07-G5

This is a great luminaire for lighting a Sports Field or Stadium. It combines the latest control technology combined with CREE® or OSRAM® LED diodes. LED colors include 3000K, 4000K, 5000K, 5700K and 6500K. Beam spreads include 15°, 30°, 45°, 80° & 120°. The housing is cold-forged aluminum with a powder coat finish and IP66 wet location rating. Dimming options include 1-10 volt, DMX or DALI.

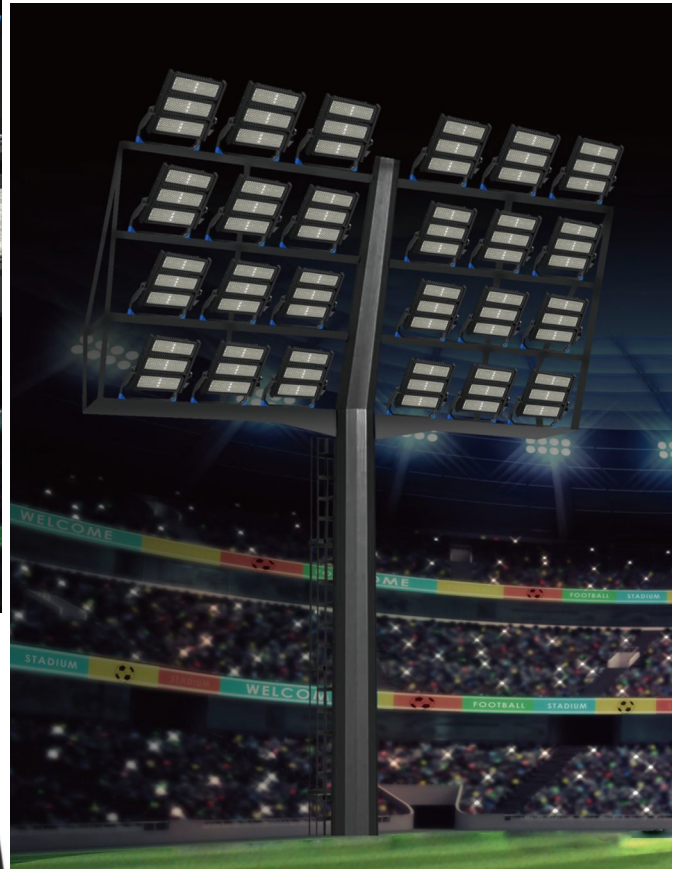

- 300 watts = 39,000 lumens
- 400 watts = 52,000 lumens
- 500 watts = 65,000 lumens
- 600 watts = 78,000 lumens
- 750 watts = 97,500 lumens
- 1000watts = 130,000 lumens
- 1250 watts = 162,500 lumens
